FROM THE FOUNDER

Dear Friends of Amal Alliance,

I fervently believe that every child has the fundamental right to dream, laugh, and experience the joy of playing as a child! Unfortunately, wars, conflict, and natural disasters have stripped children of their homes and families, robbed them of their childhood, left them traumatized and living in a constant state of distress. It is in our hands to counter the difficult, dislocating, and traumatic situation in which displaced and refugee children are living by providing them with the social emotional learning tools necessary to reach their full potential.

2018 will forever be marked as the year we brought our mission to life! With the invaluable support from our board, our advisory board, our partners, and beloved volunteers, we conducted two pilot programs in Greece & Lebanon, introducing the world to our Rainbow of Education. Amal’s Rainbow speaks to the spirit of collaboration, and the powerful force that drives us when we work together towards the greater good.

Our holistic approach provides psychosocial support, but also introduces learning that meets displaced children at their confidence and capability level. Through play, we nurture a sense of inner peace that helps children develop concentration, self-confidence, and more importantly restore their self-worth.

Thank you for being part of my dream! You have all helped me plant seeds of hope and opportunity that will one day blossom and give tremendous fruit to children around the globe.

With gratitude,

Danielle De La Fuente
Founder & Chief of Happiness
The Amal Alliance, Inc. is a 501(c)(3) nonprofit, Non-Governmental Organization (NGO) dedicated to empowering displaced children through social development programs at refugee camps and informal settlements around the globe through education and integration.

68.5 MILLION PEOPLE

have been forcibly displaced worldwide by conflict or natural disasters

73% ARE CHILDREN

more than 50 million of which are unaccompanied minors

11-17 YEARS

is the average amount of time a refugee child will spend displaced and living in a refugee camp or settlement
OUR OBJECTIVES

01 SOCIAL EMOTIONAL LEARNING (SEL)
Increasing academic success, decreasing behavioral problems and emotional distress, while creating positive social behaviors.

02 PSYCHOSOCIAL SUPPORT
Improving the overall physical, mental, and emotional health through awareness-based methods and tools to help cope with trauma.

03 EARLY CHILDHOOD DEVELOPMENT
Assisting healthy cognitive, emotional, and physical growth throughout the most formative developmental years in a child's life.

04 PEACEBUILDING & RESILIENCE
Creating meaningful and trusting relationships that foster civil behavior, good citizenship, tolerance, compassion, and resilience.
WHAT WE DO

Our programs stimulate children’s minds, meet their socio-cognitive and psychosocial needs, and provide a sense of hope for the future. With a heavy focus on early childhood development, our social-emotional learning curriculum is an informal education alternative for children ages 1-16. It aims to nurture children’s interpersonal and behavioral skills, cultivating resilience, self-awareness and communication dexterity.

We employ a trauma sensitive holistic approach to counter the effects of chronic stress. By establishing a practice of kids yoga and mindfulness, we help children foster a sense of inner peace to balance and regulate their emotions. This practice develops concentration, self-confidence, and self-worth.

Through our holistic programs, which encourage expression and teamwork, children find their voice, agency, and the emotional intelligence they need to rebuild their lives.

OUR HOLISTIC APPROACH INCLUDES . . .

Kids Yoga & Mindfulness

Dance, Art Therapy, & Music

Literacy Programs

Relaxation Techniques

Social Emotional Learning

Creative Writing

SOCIAL INCLUSION

Our programs are not solely focused on refugees, but rather on integrating them with the children of the host community. This method of implementation helps bring down divisive barriers of intolerance, fosters civility, and allows children to see their peers in a more positive light.
WHY WE "TRAIN THE TRAINER"

Our content is only as effective as those relaying it. Therefore, we invest heavily in training teachers, individuals from the refugee community, volunteers, and our local partners, to be at the forefront of our classrooms.

During a five-day intensive interactive training, program facilitators participate in community building exercises that teach how to interpret and convey the overarching themes that the curriculum embodies. We empower our program facilitators to teach compassionately, and meet children at their confidence and capability level. These acquired skills provide professional development, but also a newfound sense of purpose.

Through continued virtual support and quarterly visits, we ensure our teachers are capable to provide the utmost programming quality.
2018 IMPACT

**800+ KIDS**
children have benefitted from Amal Alliance's efforts and activities

**TEACHERS 39**
teachers have been trained to teach our curriculum, providing children with local mentorship

**4 SAFE SPACES**
safe spaces host our programs, providing children with a safe learning environment
Amal Alliance is currently an 100% voluntary led organization, which means that 100% of all donations received in 2018 went directly to the programs serving the children!

Cost per program varies by location, but details are available upon request.

OUR PARTNERS

The Amal Alliance firmly believes that working together allows us to create a more meaningful and lasting impact in a world so torn by conflict. After scouring the globe, we found true leaders in their respective communities, each offering bountiful experience, knowledge, and resources that have been tried and tested. Their work resonates tremendously with all the lives they have touched, and now it will resonate with many more as we bring our partners’ voices together as one to serve the most vulnerable children - through a harmonious symphony that is our Rainbow of Education!

With deepest gratitude, we thank all our partners for contributing towards this collaborative humanitarian effort!
THANKS TO OUR DONORS

Our donors are directly responsible for a change in emotions, encouraging learning, and empowering displaced youth by providing hope and opportunity to brighten a child's future!
